vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

This book is the definitive guide to building or rebuilding an effective, successful, and profitable Commercial Truck Operation within a retail auto dealership. Used by major automotive dealerships in America, when you want to build as truly successful Commercial Truck Division in your dealership you will do well to get this book and study it cover-to-cover!

English for International Journalists is a clear and engaging step-by-step guide for non-native speakers using English in journalism across all forms of media. In-depth language analysis is provided in the specialised context of journalism, as well as a comprehensive approach to the rules and guidelines necessary for avoiding the pitfalls and errors that undermine accuracy and clarity. The book, written by Mike Gandon and edited by Heather Purdey, covers a broad range of vital subjects, including: • Making contact • Interviewing • Grammar and journalistic writing • Sensitive issues • The language of argument • The language of impartial and accurate reporting • Bloggers and broadcasters • Reporting economy, health and the environment. The book is closely supported by online resources concentrating on the spoken word, intonation and pronunciation, and also features an expansive range of exercises and tests, suitable for self-study or to be set as coursework. English for International Journalists presents readers with the essential tools for producing journalism in English today.
