Sisson and Grossman's the Anatomy of the Domestic Animals. by. Septimus Sisson, James Daniels Grossman, Robert Getty. 4.63 · Rating details · 30 ratings · 0 reviews. The Fifth Edition of the text presents a new format, in which each species is considered as a separate entity. The first four editions considered the horse as the basic animal and described the other species in a comparative manner. In this edition the material -both illustrative and textual- for the other species has been ...
