## **AP Computer Science A – AP Students | College Board**

An early study published in AP: A critical examination of the Advanced Placement program found that students who took AP courses in the sciences but failed the AP exam performed no better in college science courses than students without any AP course at all. Referring to students who complete the course but fail the exam, the head researcher, Phillip M. Sadler, stated in an interview that ...

## **Advanced Placement - Wikipedia**

# Online Library Ap Computer Science A Exam

In the United States, Advanced Placement Computer Science is a suite of Advanced Placement courses and examinations covering areas of computer science. They are offered by the College Board to high school students as an opportunity to earn college credit for college-level courses. The suite consists of two current classes and one discontinued class. AP Computer Science was taught in Pascal for the 1984–1998 exams, in C++ for 1999–2003, and in Java since 2004.

## **AP Computer Science - Wikipedia**

The Computer Science A Exam Unlike CSP, CSA is graded solely by examinations, rather than mid-course assessments. To account for this, the exam is an hour longer and is broken into two sections. Like CSP, the first
