Insightful, interesting and a lot of fun! Ravi Subramanian 'An honest and extremely detailed recounting of the evolution of the market' BusinessLine 'A delightful book on the stock markets' Free Press Journal A rip-roaring history of the Indian stock market post liberalization. The wise and wily Lalchand Gupta takes you on an exciting journey through Dalal Street in this comprehensive history of the stock market since 1991. From tech booms and tax evasion to banks and money laundering; scams and crashes to fixers and investors, Lala has seen it all. Bringing the story up to the present, this special fifth anniversary edition also makes keen observations about the developments on the trading floor of the Bombay Stock Exchange in more recent times and doles out smart investing hacks in Lala's inimitable style. Bulls, Bears and Other Beasts is a must-read for anyone interested in the financial health of the country as well as those who want to know about the sensational events that led up to the far more sterile stock-market operations of the present day.

The brutal truth of why you are!where you are Eleven Commandments of Life Maximization does not claim to offer instant happiness, nor make us richer, thinner and younger-looking, but it tells us the brutal truth of why we are where we are and how to live our life. These are tried and tested rules, backed by real examples from the contemporary world, that will lead you to the unflinching path of Life Maximization. The easy-to-follow exercises at the end of every chapter ensure that you have assimilated the lesson and can now apply it practically to your life.

Resource added for the Financial Institutions Management program 101144.

Earning money is important for sustenance and people resort to it by working at a job or starting a venture. But to meet the material aspirations of individuals, it is important to make money earn too instead of lying idle. Wealth creation is the buzzword, and being successful at It is no matter of chance. A proper understanding of the various instruments of investment, how they appreciate and depreciate, and when to buy and sell/invest in or withdraw are important for this. "Bulls and Bears all about shares" by Soma Valliappan breaks this very myth. Unlike the popular belief, investing in the stock market is not like gambling. It works on certain basic principles and is well governed by rules and regulations, like all other legal modes of investments. What one requires is the eye to identify good companies to invest in, the right price and a certain watchfulness. "Bulls and Bears all about shares" was first published in Tamil (by name Alla Alla Panam) and became a handbook for the several people who had always lingered on the sidelines, fearing to take the plunge into the uncertain world of stock markets. The English version is being published to reach out to a wider population across the country so that they may benefit too from Soma Valliappan's experience and insights.

A practical, real-world guide to investing in India India's rapid economic growth offers obvious opportunities for foreign investors, but making wise investing decisions can be difficult for any investor without a deep knowledge of the country and its culture. With a vibrant democracy and an active press, India can be a complex and chaotic place in which investors can find it difficult to make investing decisions with confidence. This book offers an on-the-ground perspective on India from one of India's most successful value investors. Looking deeply into the internal realities that impact India's investment climate, Investing in India helps investors both inside and outside the country cut through the noise and find the facts that truly matter for anyone who wants to invest there. Features charts of stocks, markets, and other helpful Indian economic indicators Offers a real-world look at India's politics and governance; its financial system and capital markets; the private equity scene; and the real estate market Written by Indian value investing guru Rahul Saraogi

In 1982, the Dow hovered below 1000. Then, the market rose and rapidly gained speed until it peaked above 11,000. Noted journalist and financial reporter Maggie Mahar has written the first book on the remarkable bull market that began in 1982 and ended just in the early 2000s. For almost two decades, a colorful cast of characters such as Abby Joseph Cohen, Mary Meeker, Henry Blodget, and Alan Greenspan came to dominate the market news. This inside look at that 17-year cycle of growth, built upon interviews and unparalleled access to the most important analysts, market observers, and fund managers who eagerly tell the tales of excesses, presents the period with a historical perspective and explains what really happened and why.

Julian Robertson is one of the most successful and well-known hedge fund managers of our time. For nearly twenty years his infamous fund--Tiger Management--was the talk of the town, routinely delivering double-digit performance. This biography will explore this legendary fund manager's role in the development and popularity of hedge funds, examine his investment methodology and strategy, and look at the growth of his fund and his "Tigers"--individuals who have gone on to great success themselves. * Includes candid interviews of Robertson, his colleagues, and his peers * Uncovers the trading strategies and investment style of a legendary fund manager * Offers a rare glimpse inside the personal world of Julian Robertson READERSHIP: Those with any interest in or knowledge of hedge funds, business readers, investment professionals. Daniel A. Strachman is Managing Director of Answers Company, a New York-based money management firm that offers investment management services to individuals and institutions. He has contributed many articles on investment management and strategies to publications including the New York Post and the Financial Times and is also the author of Getting Started in Hedge Funds (Wiley 2000).
