When thirteen-year-old Josh goes to stay with his father in Chicago for a few months, he discovers--to his horror--that his dad has become an Elvis impersonator.

American Bookseller Pick of the Lists, 1997 Are boys and girls different on the inside? How do you tell girls and boys apart? Do girls and boys have the same feelings? Is sex a dirty word? Where do babies come from? What does being pregnant mean? How do you get a belly button? Tell me about when I was a baby...

Easy task-based guide introduces eager users to Adobe's hot new music creation software.

Claim the riches of the Koronus Expanse! In *Edge of the Abyss*, detailed descriptions of the Expanse's famous worlds allow players and GMs to plan new Endeavours and adventures. Fight across the frozen surface of Lucin's Breath, plunder the Egarian maze cities, and plumb the secrets of haunted Illisk. Study, negotiate, and war against the inhabitants of the Expanse; xenos races, the vile forces of Chaos, and monolithic Imperial organizations.

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple

Bookmark File PDF Canon Mf6530 User Guide

alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Lenora and Leonia are two powerful witches, but more than that, they are closely bonded sisters. So, when Leonia meets Orin, and decides to take a chance on the man of her dreams, her entire life is turned inside out. Embracing her chance at love, could mean having to change everything she is. Lenora doesn't care for her sister's new love interest, and she sets her sights elsewhere. She takes pity on a couple of unfortunate villagers, creating the first vampires. Now, it's up to Leonia and Orin to correct her mistake, but the stakes are high. The price could very well be their lives. Leonia is determined to keep her new love from harm's way, though, no matter the cost. Even if it means losing the one person, she loves the most. Come along on this journey full of vampires, witches, and werecats--where the heartaches of love and betrayal become twisted by the hands of fate.

This book is a comprehensive primer to both traditional and emerging E-Commerce technologies. Students with no prior technical knowledge will be able to grasp complex topics such as networking, Internet security, Web languages and other important subjects in a way that illustrates their use through case studies and practice by completing Web projects.

A Flag for Canada is a stunning visual biography of Canada's flag that traces the maple leaf symbol from its colonial origins to its acceptance as the unofficial but unmistakable emblem of Canada. On February 15, 1965, the Maple Leaf was raised for the first time on Parliament Hill. In the almost forty years since, it has become one of the world's great flags - a universally recognized emblem.

"CME Project is a four-year, NSF-funded, comprehensive high school mathematics program that is problem-based, student-centered, and organized around the familiar themes of Algebra 1, Geometry, Algebra 2, and Precalculus."--Publisher's website.
