This book presents pioneering research that is designed to show, from a qualitative and ethnographic perspective, how new information and communication technologies, as applied to the school system and to local governance initiatives, merely reproduce traditional pedagogical approaches and the dominant forms by which power is exercised at the local level. The studies thus constitute points of departure for further thinking about the need to promote an Internet culture based on the social application of a OC right to communication and cultureOCO and an OC Internet right, OCO that will permit the establishment of true citizen participation and free access to knowledge, with due regard to personal and individual rights such as those of privacy and intimacy."

An illuminating road trip through the history, life, and attractions of one of the most beautiful countries in the southern hemisphere The beauty and grandeur of New Zealand has captured the imagination of movie-goers over the past couple of years, and the country is a dream destination for many around the world. Book five in the popular cozy mystery series laced with humor and romance... "Very entertaining read. It had me chuckling so much I had to pause the reading. She has a very witty humor." When innkeeper Scarlet Wilson is asked to accompany her wheelchair-bound mother on a five-night cruise to Bermuda, she expects to have a trip to remember. Boy, will she remember this one! Accompanied by Laurel Googins Wilson's new beau and Scarlet's old high school flame, the women set sail for paradise. While Scarlet loses herself in a good book on the balcony of their stateroom, poor Laurel witnesses the deadly plunge of a fellow passenger into the Atlantic Ocean. It's the start of a nightmare that may never end. Who would want to kill George Delaney, the respectable funeral director from Caulkins Cove, Maine, on a cruise to Bermuda? Scarlet doesn't believe the culprit is the grieving widow. While Kenny, an experienced investigator, joins forces with old school chum Marley Hornsby, now the security chief for the cruise line, and the cruise ship's security team to find the killer hiding in their midst, the amateur sleuth known as Miz Scarlet can't resist diving into this mystery. But this isn't a killer who wants to be found. He's dangerous...he's desperate...and he's plotting to kill again! Suddenly Miz Scarlet finds herself facing the wrath of a devious, dangerous stranger. Can she stay alive long enough to figure out what the killer's end game is?

Have you met innkeeper-turned-amateur sleuth known as Miz Scarlet? She's a doozy! Unable to resist a mystery, the funny, feisty puzzle-solver often finds herself stumbling across one body after another as she evades an assortment of determined killers, much to the chagrin of her family and friends, including heartthrob Kenny Tolliver, head of Mercer Security, and Laurencia "Larry" Rivera, an experienced homicide investigator. This digital box set contains six mysteries in the popular series and is perfect for binge reading! Miz Scarlet and the Imposing Imposter #1: Murder comes to the Four Acorns Inn unexpectedly because of a dangerous secret in Scarlet's past. She's not the only one with something to hide. Miz Scarlet and the Vanishing Visitor #2: Scarlet rescues a teenager on the Jersey Shore and brings her home, never expecting that trouble will follow orphan Jenny Mulroney to Connecticut. Miz Scarlet and the Holiday Houseguests #3: When "Larry" Rivera tackles a tough homicide case as her divorced parents arrive for a Christmas visit, they join a killer at the inn. Miz Scarlet and the Bewildered Bridegroom #4: When someone decides to wreak havoc for a wedding at the Four Acorns Inn, malicious mayhem puts Scarlet and everyone else in danger. Miz Scarlet and the Perplexed Passenger #5: A cruise to Bermuda turns deadly when a passenger is tossed overboard. Can Scarlet prove the widow's innocence and catch the culprit? Miz Scarlet and the Acrimonious Attorney #6: When Scarlet's attorney is murdered, Kenny whisks her away to the Florida Keys, never suspecting the killer is there, ready to kill again. What readers are saying about the Scarlet Wilson Mysteries: "I loved every minute of this book!" "Purely addictive. I love these books." "A great story with returning characters." "It had me chuckling so much I had to pause the reading."

In the aftermath of the financial crisis, Cooper locates the WTO-focused struggle between the US and the very small island state of Antigua on Internet gambling in the wider International Political Economy. He draws connections between gambling and offshore and/or enclave cultures and points out the stigmatization of 'Casino Capitalism'.

This collection draws insights from an interdisciplinary group of scholars specializing in diverse methods used in the social sciences and humanities to reflect on the empirical, methodological, and practical implications of conducting research beyond one's national borders. This book seeks to help researchers consider the need for transnational multidisciplinary practices that remain aware of the inequalities that continually inform current or dominant research practices.

Knowledge Management is a subset of content taught in the Decision Support Systems course. Knowledge Management is about knowledge and how to capture it, transfer it, share it, and how to manage it. The authors take students through a process-oriented examination of the topic, striking a balance between the behavioral and technical aspects of knowledge management and use it.

Meta-analysis is a powerful statistical methodology for synthesizing research evidence across independent studies. This is the first comprehensive handbook of meta-analysis written specifically for ecologists and evolutionary biologists, and it provides an invaluable introduction for beginners as well as an up-to-date guide for experienced meta-analysts. The chapters, written by renowned experts, walk readers through every step of meta-analysis, from problem formulation to the presentation of the results. The handbook identifies both the advantages of using meta-analysis for research synthesis and the potential pitfalls and limitations of meta-analysis (including when it should not be used). Different approaches to carrying out a meta-analysis are described, and include moment and least-square, maximum likelihood, and Bayesian approaches, all illustrated using worked examples based on real biological datasets. This one-of-a-kind resource is uniquely tailored to the biological sciences, and will provide an invaluable text for practitioners from graduate students and senior scientists to policymakers in conservation and environmental management. Walks you through every step of carrying out a meta-analysis in ecology and evolutionary biology, from problem formulation to result presentation Brings together experts from a broad range of fields Shows how to avoid, minimize, or resolve pitfalls such as missing data, publication bias, varying data quality, nonindependence of observations, and phylogenetic dependencies among species Helps you choose the right software Draws on numerous examples based on real biological datasets
