But surviving the Casino as just a normal human may be more than Eddie (Shaman) can handle! This is the 7th book in Simon R. Green's "The Secret Histories" about the Drood family--the secret family that has dedicated its existence to standing between the world at large and the Supernatural Powers and Domination that threaten it daily!

Shaman Bond and his witch girlfriend attend an annual gambling gala sponsored by a shady bank involved in supernatural crime, in an attempt to bring the bank down.

New York Times bestselling author Simon Green introduces a new kind of hero, one who fights the good fight against some very old foes in the first novel in the Secret Histories series. The name 's Bond. Shaman Bond. Actually, that's just his cover. His real name is Eddie Drood, but when your job includes a license to kick supernatural arse on a regular basis, you find your laughs where you can. For centuries, his family has been the secret guardian of Humanity, all that stands between all of you and all of the really nasty things that go bump in the night. As a Drood field agent he wore the golden torc, he killed monsters, and he protected the world. He loved his job. Right up to the point where his own family declared him rogue for no reason. Now, the only people who can help Eddie prove his innocence are the people he used to consider his enemies...

Eddie Drood, a shaman field agent responsible for protecting mankind, discovers that his entire family has been banished to an alternate dimension.

In the sequel to The Man with the Golden Torc, Eddie Drood is forced to take on some nasty daemons from another dimension, who arrived in this world at the behest of the Drood family to help battle the Nazis during World War II and who have decided that they have no intention of leaving.

Meet the Carnacki Institute 's operatives—JC Chance: the team leader, brave, charming, and almost unbearably arrogant; Melody Chambers: the science geek who keeps the antiscapernatural equipment running; and Happy Jack Palmer: the terminally gloomy telepath. Their mission: Do Something About Ghosts. Lay them to rest, send them packing, or just kick their nasty ectoplasmic arses... The Ghost Finders are investigating a haunting at the long-abandoned Haybarn Theater, which is being renovated. But work has been thrown off-schedule by the some peculiar and unnatural activities. And after the potentially world-altering recent events of their previous assignment, the team thinks that a haunted theater (aren't they all?) will be a walk in the park. Until they encounter the Phantom of the Haybarn—an ancient evil whose ability to alter reality itself will test the skills, science, and blind luck of the Ghost Finders to the limit.

Ride shotgun with a " James Bond—of-the-supernatural " " as the Secret Histories Novels take you careening through an alternate London where around every corner a new kind of danger awaits.... My name is Eddie Drood, aka Shaman Bond, the very secret agent. And I am a dead man walking. I 've been poisoned by Dr. DOA. There is no cure, no treatment, no chance of a last-minute miracle. So all that is left to me and my love, Molly Metcalf, is to track down my killer and stop him before he can murder anyone else. So whether that means fighting a secret army on another world; or searching for a forgotten weapon in the Museum of Unattached Oddities; or facing off against Grendel Rex, the Unforgiven God, in the hidden heart of the Moon, for the terrible secret that is Moonbreaker...I will do whatever it takes, while I still can. Because the game isn 't over till I say it 's over—and I still have one last card to play. "SFRevu

When it comes to supernatural intrigue, nobody does it better than New York Times bestselling author Simon R. Green. Eddie Drood, at your service. For generations my family has been keeping humanity safe from the wicked, the nasty, and the generally not-nice inhuman predators who feed on people 's fear and misery. No one kicks evil arse better than us Droods—especially yours truly. In fact, my arse-kicking skills have come to the attention of the legendary Alexander King, Independent Agent extraordinaire, who spent a lifetime doing anything and everything—for the right price. Now he 's on his deathbed, looking to bestow all of his priceless secrets to a worthy successor. To decide, King challenges six competitors—myself included—to solve five mysteries all around the world, figuring that along the way we 'll backstab one another until only one remains. But I 've got to win at all costs, because King holds the most important secret of all to the Droods: the identity of the traitor in our midst.

New York Times bestselling author Simon R. Green " continues to deliver enjoyable, fast-paced, and fun entertainment " (SF Revu) in his Secret Histories novels featuring supernatural arse kicker Eddie Drood—who 's about to play a most dangerous game in his latest adventure.... Some call me Shaman Bond, but I was born Eddie Drood, the latest in a long line of folks who chase monsters out of closets for a living to keep humanity safe from all that is dark, demonic, and just downright evil. Needless to say, we 've made our fair share of enemies over the centuries—and made some questionable bargains. In exchange for the power to fight the forces of darkness, my parents signed over their souls. They 're not the only ones who 've made deals with Heaven, Hell, and every other worldly realm in between, but now the bill 's due for several big names in the supernatural community. Including my girl, Molly. She, my parents, and other major players have been kidnapped so they 'll pay up—or participate in the " Big Game. " The rules are simple: get from one side of the pocket dimension to the other and kill your competitors. The winner 's debt is paid in full, and the losers get themselves permanently lost, body and soul, forever. To save my loved ones, I 've got to become a ringer in this deadly contest that 's undoubtedly rigged by the Powers That Be...

Lieutenant Eve Dallas investigates the holiday murder of her neighbors by their young adult son and must track him down before he strikes again in this new novel written by New York Times best-selling author Nora Roberts under a pseudonym. Reprint. 750,000 first printing.

The Carnacki Institute is all about ghosts - or at least, keeping them under control. Their latest assignment sees JC and the team sent to a small country village, site of a famously haunted inn. At first, JC thinks that the spirits in the King's Arms are more the stuff of urban legend than anything that needs the Ghost Finders' expertise. But one story rings true: the tale of a traveller trapped in the inn by an unusual thunderstorm. She retired to her room for the night - and vanished. Trapped by an unusual thunderstorm - like the one that begins raging outside shortly after they arrive - . . . As the team investigates, they are forced, one by one, to face some hard truths about themselves, their relationships and the haunting itself - truths that may push Happy Jack over the edge into the madness he has always feared. . . . Spirits from Beyond is the fourth title in New York Times bestselling author Simon R. Green's Ghost Finders series.
