Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

A COMPLETE GUIDE Recommended for Ages 15 and Older This book explains how to start and operate your own lawn mowing business: • It shows the easiest ways to get customers . . . • How to set prices . . . • How to make the most income per hour of work . . . • How to keep a simple schedule and much more . . . • Tells you everything you need to know . . . When done on a part-time basis, there are no tight schedules. Grass can be cut at your own convenience, without interfering with other activities. Grass grows and work is available during three seasons of the year. There is practically no investment if you already have a mower. Expected earnings can be three to four times higher than the minimum wage rate of pay, sometimes much more.
