The new edition adds a variety of exciting new features to John Langan's proven approach, and reinstates much-requested material from previous editions.

The new seventh edition of English Skills with Readings features John Langan's trademark crystal-clear explanations, along with his range of motivating activities and writing assignments that reinforce the four bases of effective writing: unity, support, coherence, and sentence skills. This edition of the book adds a variety of exciting new features to John Langan's proven approach, and reinstates much-requested materials from previous editions.

College Writing Skills With Readings, 5th Edition, features Langan's renowned clear writing style and wide range of writing assignments and activities that reinforce the four essentials of good writing: Unity, Support, Coherence, and Sentence Skills.

This book is the ideal source for teaching oral language, reading, writing, and the content areas in English to K-12 English learners. In an approach unlike most other books in the field, Reading, Writing, and Learning in ESL looks at contemporary language acquisition theory as it relates to instruction and provides detailed suggestions and methods for motivating, involving, and teaching English language learners. Praised for its strong research base, engaging style, and inclusion of specific teaching ideas, the book offers thorough coverage of oral language, reading, writing, and academic content area instruction in English for K-12 English learners. Thoroughly updated throughout, the new edition includes a new chapter on using the Internet and other digital technologies to engage students and promote learning, many new teaching strategies, new and revised activities, and new writing samples.

This revised edition retains the engaging format and clear, accurate, readable information that has become its hallmark. Comprehensive coverage provides all the information health care professionals need to perform skills related to patient positioning and transfer, vital signs, aseptic techniques, and more. Readers will notice the vivid, full-color photographs within the procedures that facilitate understanding.

The most widely-used text on the topic of collaboration, Interactions is a guide for preprofessionals and professionals to help them understand and participate effectively in their interactions with other school professionals and parents, in an increasingly diverse world that is also now routinely electronically and globally connected. Interactions presents theory and conceptual principles heavily seasoned with examples, cases, and applied activities. Written specifically to enable readers to quickly use their skills in professional settings, the book will be a useful tool for pre-service educators and practitioners-whether they are engaged in formal instructional settings, a study group, or independent study. The book recognizes that knowledge about instructional practices that can improve student outcomes are more important than ever before, and educators are scrambling to respond to the federal legislative mandates that require increasingly high standards and a clear trajectory of improving academic performance for all students, including those with disabilities and other special needs.

"Customer Service, 4/e" by Lucas features how-to topics for the customer service professional. It covers the concepts and skills needed for success in business careers, including listening techniques, verbal and nonverbal communication, and use of technology. Emphasis is given to dealing with customer service problems and how to handle conflicts and stress. Insights and tips are also provided for customer service supervisory personnel

Students and beginning counselors get step-by-step guidance for developing the skills and techniques they need to effectively help their clients. This sixth edition of the best-selling Learning the Art of Helping: Building Blocks and Techniques emphasizes the techniques and skills necessary to be effective in the art of helping, from basic building blocks to advanced therapeutic techniques. The text is practical, innovative, and focused on the relationship between helper and client. The author incorporates the latest research on effective treatments, while offering an integrative perspective. The author's conversational tone is appealing to students, yet the book is carefully referenced for instructors. The goal is to make beginning helpers become "reflective practitioners." "Stop and Reflect" sections, exercises, homework, class discussion topics, and Journal Starters support this approach. The sixth edition includes new sections highlighting issues of culture in research, challenges related to gender differences, and helping skills specific to children.
