The book examines some of the ways in which contemporary forms of political dissent are situated within processes of global ordering. Grounded in analysis of concrete practices of discipline and dissent in specific contexts, it explores the ways in which resistance can be shaped by dominant ways of thinking, seeing or enacting politics and by the multiform relations of power at play in the making of global order. The contributions, written from a variety of disciplinary backgrounds, address themes such as the processes through which particular sorts of resisting subjects are produced; the politics of knowledge in which resisting practices are embedded; the ways in which visual technologies are deployed within and towards oppositional practices; and the politics of gender, race and class within spaces of contestation. The volume thus opens up space for critical reflection and inter-disciplinary dialogue on what it means to be a resisting subject and on the interplay between the power and counter-power in global order. This book was published as a special issue of Globalizations.

A visual history of the FIAT 500, the ultimate lifestyle car that has remained a timeless classic and design legend. Considered to be one of the most popular models in automotive history, the FIAT 500 has become a legend over time. Its innovative features, the original and recognizable design of its bodywork, and its versatility have distinguished it as an automotive icon with enduring appeal. FIAT 500: The Design Book is an invitation to embark on a captivating journey through the main milestones of the 500 project: from the first series in the 1960s to the public presentation at the Geneva International Motor Show of the Trepùno prototype in 2004, of the new 500 and 500C, the 500L through to the 500X. This visually rich and fascinating book explains not only the genesis and "design metamorphosis" of each model, but also their backgrounds, and explores the contributions of the designers who have helped to develop them with innovation and foresight.

On board diagnostics. 1997 model year (UN) Explorer. Related to the Ford Explorer repair manual (Part no. WM312).
