Why Smart People Do Stupid Things addresses a question that's frequently on our minds. When Bill Clinton's affair with Monica Lewinsky was exposed many people were utterly astounded. How could he? Most of us were asking. Answers aren't easy to come by because we have spent considerable time building on our strengths to the neglect of our dark side. We aren't only puzzled when we see friends, co-workers, or public leaders engage in stupid, unseemly, unexplainable acts, we are personally threatened by it. If they, why not still others or perhaps ourselves. This book looks at numerous examples of apparently unexplainable stupidities with particular focus upon Richard Nixon and Bill Clinton. Every mindless act doesn't turn out wrong. There are occasions when the outcome greatly benefits us. On the other hand, there are many times when the result goes against us to our disadvantage if not to the point of tragedy. Why? This book addresses the complex issues involved in making rational decisions, including excusable error. Analyses are offered in a readily understandable style. Potential solutions are described. The topic is of vital interest to us individually as well as to the nation.

The author of the recovery mainstay 12 Stupid Things That Mess Up Recovery offers a fresh list of "smart" things to do to attain and sustain emotional sobriety. Whether it's called "dry drunk" or "white knuckle sobriety," it's that stage in recovery when we realize that "putting the plug in the jug" isn't enough. The next step is taking responsibility for the emotional immaturity that fuels our addictive personality and has a tremendous impact on ourselves and others. Allen Berger, Ph.D., draws on the teachings of Bill W. and psychotherapy pioneers to offer twelve hallmarks of emotional sobriety that, when practiced, give people the confidence to be accountable for their behavior, ask for what they want and need, and grow and develop a deeper trust in the process of life. These smart things include:understanding who you are and what's important to youlearning not to take others' reactions personallytrusting your inner compasstaking responsibility for your reactions to problematic situationsIt is in these practices that we find release from what Bill W. described as an "absolute dependency" on people or circumstances, and develop the tools to find prestige, security, and belonging within.
