design. It will help you understand what underpins web structure, design conventions and best practice. It touches on almost every subject and gives you a complete overview and understanding to deliver outstanding web design, leaving you to discover the areas you would like to specialise in and go on to build on these firm foundations. This book is design focused, you will not find one line of code. It takes you through creative thinking, questioning the brief, information architecture, navigation structures, front-end design, dealing with clients and best practice for file management. Unlike a typical how to manual, the style is light, chatty and more like having a conversation with a bloke who knows his stuff. If you want to master

great website design and build process, and understand what makes them work, then this book is for you.

The Graphic Design Reference & Specification Book should always be next to a designer's computer. Completely practical with only the most needed information, this valuable book provides designers with all the little details that can make or break a design, such as how much space to leave in the gutter when designing barrel folds, how to layout a template for a box, and the ratios of each part, as well as metric conversion charts, standard envelope sizes in the USA, Europe, Canada and Asia, and much more. This hardworking handbook is compact and accessible and is

Creating a brand identity is a fascinating and complex challenge for the graphic designer. It requires practical design skills and creative drive as well as an understanding of marketing and consumer behaviour. This practical handbook is a comprehensive introduction to this multifaceted process. Exercises and examples highlight the key activities undertaken by designers to create a successful brand identity, including defining the audience, analyzing competitors, creating mood boards, naming brands, designing logos, presenting to clients, rebranding and launching the new

identity designers. Examples are drawn not just from Western Europe and North America but also Australia, South Africa, the Far East, Israel, Iran, South America and Eastern Europe. Contributing design firms include giants such as Pentagram, Vignelli Associates, Chermayeff & Geismar, Wolff Olins, Landor, Total Identity and Ken Miki & Associates as well as dozens of highly creative, emerging studios. Retaining the striking black-and-white aesthetic and structure of Logo (also by Michael Evamy) and Symbol, Logotype is an important and essential companion volume.

With record numbers of design and advertising students graduating into the job market each year, it makes

more sense now than ever before to be fully armed to succeed. This book helps new designers make the transition from design school to work, giving them the ammunition they need for a successful start. Here the reader will learn how to get that all-important first job, and how to impress their new employer. They will also have at their fingertips plenty of useful, practical information, essential to know in the design studio and when working for clients. Enriched with quotes and advice from some of the best and brightest in the industry, this book is where you will find out what they didn't teach you in design school.
