Traces the roller-coaster economic history of Eastman Kodak, its
troubled situation in the mid-1980s, its struggle to revitalize itself, with
the assistance of new CEO George Fisher, and its promise for the
future. 30,000 first printing. Tour.

"Drawing upon the archives of the George Eastman House Collection,
500 Cameras takes a unique approach to the fascinating story of
photography. Tracing the medium's history through some of the most
important equipment ever used by professionals and amateurs, this
remarkable survey presents 500 cameras, all beautifully illustrated in
spectacular images."--P. [2] of cover.

'Entertainingly written and filled with useful information....The quality of reproduction of the photos alone sets this book well ahead of most books on classic cameras. ' --'Shutterbug'

George Eastman transformed the world of photography. In this revealing and informative biography, Elizabeth Brayer draws a vivid portrait of this enigmatic and complex man.

Few inventions have had as powerful an influence as the camera, and few modes of expression have enjoyed the enduring artistic, scientific, and popular appeal of photography. We are so focused on the products of the camera, the indelible images marking our lives and times, that it's easy to forget the instrument itself has a history. Now that history has been comprehensively traced for photography buffs and amateurs alike by Todd Gustavson, Curator of Technology at George Eastman House. In this stunning volume, hundreds of new and archival images from George Eastman House bring the story to life and provide an unmatched reference source. Vast in its scope, this groundbreaking book is an in-depth visual and narrative look at the camera, and consequently photography itself, as never before seen. - Jacket.

Ideal for business students, business managers, and corporate senior executives, this book distills the lessons learned from the disasters that have befallen companies that were unable to cope with disruptive technologies.
