In *Lost In The Forest*, Sue Miller inhabits the family. It's an extended family, of course, extended in the twenty-first century Anglo-Saxon sense of it being stretched and disrupted by divorce, re-marriage and identity-seeking children. The book starts in what seems to be a conventional setting. Mark and Eva have been divorced for several years.

Sue Miller's powers have never been keener or more transfixing than they are in *Lost in the Forest*, a novel set in the vineyards of Northern California that tells the story of a young girl who, in the wake of a tragic accident, seeks solace in a damaging love affair with a much older man. Eva, a divorced and happily remarried mother of three, runs a small bookstore in a town north of San Francisco.
