The Power of Positive Thinking | Johns Hopkins Medicine

In the New Thought philosophy, the Law of Attraction is the belief that positive or negative thoughts bring positive or negative experiences into a person's life. The belief is based on the ideas that people and their thoughts are made from "pure energy", and that a process of like energy attracting like energy exists through which a person can improve their health, wealth, and personal ...

Law of attraction (New Thought) - Wikipedia

I did some research on stress-relieving techniques and found lots of articles about positive thinking and the power of living in the present. It's an interesting concept to me because I have always been concerned about changing the past, or worrying about what will happen in the future — two things completely outside of my control — but I was never able to appreciate the 'now'.
