The electrical system used for the Saab 9-5 was also incorporated on the 9-3. While not done at the time of launch the more modern engine control system from the 9-5, Trionic 7, also replaced Trionic 5 which was previously used in the Saab 9000. Another feature that was taken from the 9-5 was the 4 cylinder 2.2 diesel engine.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Saab has gone, but its cars and its loyal band of owners remain. In this photographic album, internationally known Saab author and commentator Lance Cole celebrates all things Saab. In a collection of over 200 photographic images accompanied by a detailed yet engaging commentary, the book delivers a record of Saab from its first car to its last. The engineering, design, and ethos of Saab's cars across the generations are captured in all their glory. The author of many Saab articles and several Saab books, this is Lance Cole's new view on Sweden's other car maker – one that really did build cars to a different standard. Saab Celebration is designed to be a memorial companion for the Saab fan. If you like Saabs, then enjoy this tribute to all things Saab.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.
