The Koehler Method of Guard Dog Training; An Effective ...

The Koehler method of dog training is a true method, and not some collection of various techniques that one can randomly place into use as they seem appropriate. And because it is a method, there is a step-by-step procedure for each exercise.

koehlerdogtraining.com

Koehler dog training has been serving the obedience needs of dogs and their owners in both class and private training formats since 1946. Sixteen years later, with the method fully developed and a format for class instruction producing consistant and reliable results, W.R. Koehler wrote the book the "Koehler Method of Dog Training."

The Koehler Method of Dog Training: Amazon.co.uk: Koehler ...

As you can see, the method doesn't rely on treats to encourage your dog to obey, but rather on correction. We can call this the foundation of the Koehler method. Other techniques used by Koehler are throw chain, electric shocks, slingshots, suspending the dog off the ground, and more. Koehler didn't believe in gentle corrections, saying that they are "cruel" and disturb the dog emotionally.

Book Review: The Koehler Method of Dog Training

When the complexities of modern living demanded that, for his own protection as well as his master's convenience, the dog be made controllable, the average owner sought advice from the most available source, which was, too often, some local dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert. Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided. And something else was observed. It was evident that thorough obedience training does more than assure a dog's response to his master's command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized nature have made the public aware of the trained dog's potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the "make a game" and "tid-bit tossing" techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog's feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. This classic includes the following chapters: Introduction Lesson I. Fables and Foibles Lesson II. Correct Equipment Lesson III. The Foundation Lesson IV. Heeling Lesson V. Sitting Lesson VI. The Automatic Sit Lesson VII. The Sit-Stay Lesson VIII. The Down Lesson IX. Down-Stay Lesson X. Stand-For-Examination Lesson XI. Recall Lesson XII. Finish Lesson XIII. Polishing Lesson XIV. The Throw-Chain Lesson XV. The Light Line Lesson XVI. Don't Lose It—Use It Problems

Offers guidance in selecting and training dogs for personal protection, plant security, and police work

Book Review: The Koehler Method of Dog Training

Describes methods for increasing the learning capacity and emotional stability of a dog so that it can perform useful tasks

For search and rescue work, to assist in law enforcement, and to compete in Tracking Tests, here is all the preparation you and your dog will need.

Book Review: The Koehler Method of Dog Training

Discover the roots of today's behavioral training methods which includes such concepts as seeing the world from a dog's point of view, utilizing instinctual behavior in training, how to use primary and secondary reinforcers, and using inducement vs compulsion. This reprint of the classic work on dog training by German Konrad Most is the foundation for modern dog training.

Describes methods for increasing the learning capacity and emotional stability of a dog so that it can perform useful tasks

Zenobia is a former industry giant bedeviled by paralyzing hierarchies, grossly inadequate communications, and distrust. It is a broken place, a fortress doomed to collapse upon itself. Enter Moira, a young woman responding to a cryptic help wanted ad that asks her to report to room 133A - but there are no directions, no sign of the room, and nobody seems inclined to help her find it. As she moves through the Zenobian maze, Moira makes some surprising discoveries about the power of teamwork and the qualities that define true leaders. Her story is interwoven with that of a long-time Zenobia employee named Gallagher, who watches and comments as Moira tries to find the ever-elusive room 133A. Zenobia reminds us that imagination is one of the most powerful, and most overlooked, elements of business success. Like Moira, those who succeed see what is not yet there, keep faith in their vision, take risks to achieve it, and inspire others to join them. This unusual book will move readers to take a fresh and fearless look at their own organizations and to remember that leadership is not determined by title or position. Rather, as the want ad Moira answers puts it, "Creative persistence a prerequisite. A desire for the extraordinary an absolute must."

Unfortunately, the world is full of screwed-up people. But the good news, says Elizabeth Brown, is that your world no longer has to revolve around them. With brilliant insights and a keen sense of humor, this trusted author and sought-after speaker shows readers how to: • stop the power of whatever is eating them alive • productively respond when confronted • remain poised and in control when everyone around them loses it • win fairly in unfair battles • let go of what has been, or what they wish would be, and live triumphantly now Dozens of real-life success stories, brief diagnostic tests, and practical tools are included to help readers assess their own situations and gain confidence to change self-defeating behaviors. This popular word-of-mouth bestseller now has an updated look.
