Contents: - Beyond Good and Evil - The Antichrist - Thus Spake Zarathustra Friedrich Wilhelm Nietzsche was a German philosopher, cultural critic, composer, poet, philologist, and Latin and Greek scholar whose work has exerted a profound influence on modern intellectual history. He began his career as a classical philologist before turning to philosophy. He became the youngest ever to hold the Chair of Classical Philology at the University of Basel in 1869 at the age of 24. Nietzsche resigned in 1879 due to health problems that plagued him most of his life; he completed much of his core writing in the following decade. In 1889 at age 44, he suffered a collapse and afterward, a complete loss of his mental faculties. He lived his remaining years in the care of his mother until her death in 1897 and then with his sister Elisabeth Förster-Nietzsche. Nietzsche died in 1900.

The Friedrich Nietzsche Collection

'We must learn to love, learn to be kind, and this from our earliest youth ... Likewise, hatred must be learned and nurtured, if one wishes to become a proficient hater' This volume contains a selection of Nietzsche's brilliant and challenging aphorisms, examining the pleasures of revenge, the falsity of pity, and the incompatibility of marriage with the philosophical life. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Friedrich Nietzsche (1844-1900). Nietzsche's works available in Penguin Classics are A Nietzsche Reader, Beyond Good and Evil, Ecce Homo, Human, All Too Human, On the Genealogy of Morals, The Birth of Tragedy, The Portable Nietzsche, Thus Spoke Zarathustra, Twilight of Idols and Anti-Christ.

'Enigmatic, vatic, emphatic, passionate . . . Nietzsche's works together make a unique statement in the literature of European ideas' A. C. Grayling Nietzsche was one of the most revolutionary thinkers in Western philosophy, and Thus Spoke Zarathustra remains his most influential work. It describes how the ancient Persian prophet Zarathustra descends from his solitude in the mountains to tell the world that God is dead and that the Superman, the human embodiment of divinity, is his successor. With blazing intensity, Nietzsche argues that the meaning of existence is not to be found in religious pieties or meek submission, but in an all-powerful life force: passionate, chaotic and free. Translated with an introduction by R. J. HOLLINGDALE

The Joyful Wisdom, written in 1882, just before "Zarathustra," is rightly judged to be one of Nietzsche's best books. Here the essentially grave and masculine face of the poet-philosopher is seen to light up and suddenly break into a delightful smile. The warmth and kindness that beam from his features will astonish those hasty psychologists who have never divined that behind the destroyer is the creator, and behind the blasphemer the lover of life. In the retrospective valuation of his work which appears in "Ecce Homo" the author himself observes with truth that the fourth book, "Sanctus Januarius," deserves especial attention: "The whole book is a gift from the Saint, and the introductory verses express my gratitude for the most wonderful month of January that I have ever spent."

"That which does not kill us makes us stronger..." ' Though some may not know his name, there are few alive today who will not have heard some variation of at least one of Friedrich Nietzsche's many quotes. One of the great philosophers in human history, his unique ability to concisely articulate philosophies on life have made him a much respected and cited historical figure. This book brings together some of Nietzsche's finest thoughts on a variety of subjects, including religion, life, marriage and general philosophy.
