as life can provide. Travis Angry created his identity through childhood rebellion, dropping out of school, being in the military, fighting cancer, marrying, divorcing, raising children as a single father, obtaining a college degree, writing a memoir, and working as a professional speaker. Angry's gift is showing others how to resolve fear. His mission is to help teenagers, parents, teachers, coaches, and youth group directors to understand their lives and use hope as a tool for positive change. "Travis' story will make you want to scream and shout. His perseverance and strength is truly inspiring! He is making a positive impact within his family and community. He is truly making a difference one page at a time." –Jordin Sparks, singer/actress

Decision-making is a pivotal function of any manager. A knowledge of Accounting, insofar as it affects decision-making, is very important for a manager. And very often, students find Accounting as one of the 'tough' subjects to handle. This book strives to make Accounting intelligible and easily comprehensible to students. The text gives a comprehensive coverage of the three branches of Accounting – Financial Accounting, Management Accounting, and Cost Accounting. It focuses on the various methods and techniques followed in the Management Reporting System. The text deals, in detail, with various accounting transaction procedures, methods of costing, ratio analysis, budgeting, forecasting, accounting errors, funds flow and cash flow statements, trial balance and balance sheet, and so on. It equips the students with the knowledge in the preparation, analysis, evaluation, and interpretation of financial statements, which will enrich their managerial competence and decision-making skills. KEY FEATURES □ Emphasises the various accounting and decision-making techniques. □ Provides a number of problems and their solutions, besides giving notes, working notes, and exercises, to help the students understand the concepts better. This book is intended as a text for the postgraduate students of Management (MBA/MIB), financial courses (MFC), and undergraduate and postgraduate students of Commerce and those pursuing MCA. In addition, the book will be very

useful to practising managers who wish to develop effective and result-oriented decision-making skills.

The meticulously designed The Pearson Guide to CET: MBA Maharashtra caters to the needs of students yearning to crack this test. This book deals with all the sections that are tested in the real examination and has a to-the-point approach. Study material of the book is easy-to-understand and based on the trends of previous years' question papers making it all the more authentic.

Quantitative Techniques: Theory and Problems adopts a fresh and novel approach to the study of quantitative techniques, and provides a comprehensive coverage of the subject. Essentially designed for extensive practice and self-study, this book will serve as a tutor at home. Chapters contain theory in brief, numerous solved examples and exercises with exhibits and tables.

This widely adopted and well-established book, now in its Third Edition, provides the students of management and engineering with the latest techniques in production and operations management, considered

Sundara fled Cambodia with her aunt's family to escape the Khmer Rouge army when she was thirteen, leaving behind her parents, her brother and sister, and the boy she had loved since she was a child. Now, four years later, she struggles to fit in at her Oregon high school and to be "a good Cambodian girl" at home. A good Cambodian girl never dates; she waits for her family to arrange her marriage to a Cambodian boy. Yet Sundara and Jonathan, an extraordinary American boy, are powerfully drawn to each other. Haunted by grief for her lost family and for the life left behind, Sundara longs to be with him. At the same time she wonders, Are her hopes for happiness and new life in America disloyal to her past and her people?
