One of The New Yorker's "Books We Loved in 2017," a BOMB's Looking Back on 2017: Literature Selection, a Paris Review Staff Pick, and one of Vulture's 10 Best Thriller Books of 2017. Girlfriend, Prostitute, Addict, Terrorist? Who is K? The daring new novel from Katherine Faw, the brilliant author of Young God, is a scintillating story of money, sex, and power told in Faw's viciously sharp prose. A high-end, girlfriend-experience prostitute has just returned to her native New York City after more than a decade abroad—in Dubai, with a man she recalls only as the Sheikh—but it's unclear why exactly she's come back. Did things go bad for her? Does she have scores to settle? Regardless, she has quickly made herself at home. She's set up a rotation of clients—all of them in finance—each of whom has different delusions of how he is important to her. And she's also met a man whom she doesn't charge—a damaged former Army Ranger, back from Afghanistan. Her days are strangely orderly: A repetition of dinners, personal grooming, museum exhibitions, sex, Duane Reades (she likes the sushi), cosmology, sex, gallery shows, nightclubs, heroin, sex, and art films (which she finds soothing). She finds the pattern confirming, but does she really believe it's sustainable? Or do the barely discernible rifts in her routine suggest that something else is percolating under the surface? Could she have fallen for one of her bankers? Or do those supposed rifts suggest a pattern within the pattern, a larger scheme she's not showing us, a truth that won't be revealed until we can see everything?

Stripped down and stylized—the sharpest, boldest, brashest debut of the year Meet Nikki, the most determined young woman in the North Carolina hills. Determined not to let deadbeats and dropouts set her future. Determined to use whatever tools she can get her hands on to shape the world to her will. Determined to preserve her family's domination of the local drug trade. Nikki is thirteen years old. Opening with a deadly plunge from a high cliff into a tiny swimming hole, Young God refuses to slow down for a moment as it charts Nikki's battles against isolation and victimhood. Nikki may be young, but she's a fast learner, and soon—perhaps too soon, if in fact it's not too late—she knows exactly how to wield her powers over the people around her. The only thing slowing her down is the inheritance she's been promised but can't seem to find, buried somewhere deep in those hills and always just out of reach. With prose stripped down to its bare essence, brash and electrifying, brutal yet starkly beautiful, Katherine Faw Morris's Young God is a debut that demands your attention and won't be forgotten—just like Nikki, who will cut you if you let that attention waver.

A searing page turner from an exciting new literary voice.

A revealing look at the shows that helped TV emerge as the signature art form of the twenty-first century. In the late 1990s and early 2000s, the landscape of television began an unprecedented transformation. While the networks continued to chase the lowest common denominator, a wave of new shows on cable channels dramatically stretched television's narrative inventiveness, emotional resonance, and artistic ambition. Combining deep reportage with cultural analysis and historical context, Brett Martin recounts the rise and inner workings of a genre that represents not only a new golden age for TV, but also a cultural watershed. Difficult Men features extensive interviews with all the major players, including David Chase, David Simon, David Milch, and Alan Ball; in addition to other writers, executives, directors and actors. Martin delivers never-before-heard story after story, revealing how cable television became a truly significant and influential part of our culture.

A ferocious debut that puts Frank Bill's southern Indiana on the literary map next to Cormac McCarthy's eastern Tennessee and Daniel Woodrell's Missouri Ozarks Crimes in Southern Indiana is the most blistering, vivid, flat-out fearless debut to plow into American literature in recent years. Frank Bill delivers what is both a wake-up call and a gut punch. Welcome to heartland America circa right about now, when the union jobs and family farms that kept the white on the picket fences have given way to meth labs, backwoods gunrunners, and bare-knuckle brawling. Bill's people are pressed to the brink—and beyond. There is Scoot McCutchen, whose beloved wife falls terminally ill, leaving him with nothing to live for—which doesn't quite explain why he brutally murders her and her doctor and flees, or why, after years of running, he decides to turn himself in. In the title story, a man who has devolved from breeding hounds for hunting to training them for dog-fighting crosses paths with a Salvadoran gangbanger tasked with taking over the rural drug trade, but who mostly wants to grow old in peace. As Crimes in Southern Indiana unfolds, we witness the unspeakable, yet are compelled to find sympathy for the depraved. Bill's southern Indiana is haunted with the deep, authentic sense of place that recalls the best of Southern fiction, but the interconnected stories bristle with the urban energy of a Chuck Palahniuk or a later-day Nelson Algren and rush with the slam-bang plotting of pulp-noir crime writing à la Jim Thompson. Bill's prose is gritty yet literary, shocking, and impossible to put down. A dark evocation of the survivalist spirit of the working class, this is a brilliant debut by an important new voice.

From the National Book Award-winning, bestselling author of Tree of Smoke comes a provocative thriller set in the American West. Nobody Move, which first appeared in the pages of Playboy, is the story of an assortment of lowlifes in Bakersfield, California, and their cat-and-mouse game over \$2.3 million. Touched by echoes of Raymond Chandler and Dashiell Hammett, Nobody Move is at once an homage to and a variation on literary form. It salutes one of our most enduring and popular genres—the American crime novel—but with a grisly humor and outrageousness that are Denis Johnson's own. Sexy, suspenseful, and above all entertaining, Nobody Move shows one of our greatest novelists at his versatile best.

Unlocking the Secrets of the Puzzle Box & break;& break;Have you ever thought inside the box? These hand-sawn boxes could be the most intriguing and fun projects you've ever made. & break;& break;Author Jeff Vollmer describes his boxes as key-and-slide-cut a dovetail key, cut a slider piece, cut another key, cut another slider. That's the puzzle or "combination" you use to get to the chamber or heart of the box. & break;& break;Then you cut out the guts of the box to create a chamber. But wait, there's more! Then you cut another box from the guts, then another box or drawer from those pieces, then another and maybe another until things get too small to handle safely. & break;& break;Any type wood can be used to make these boxes—wood with holes, cracks, splits, insect and wormholes, spalling and buris. Jeff calls these flaws "opportunities" to become creative. & break;& break;Please note that the digital version of this book does not include the accompanying DVD.

A masterwork of W. G. Sebald, now with a gorgeous new cover by the famed designer Peter Mendelsund The four long narratives in The Emigrants appear at first to be the straightforward biographies of four Germans in exile. Sebald reconstructs the lives of a painter, a doctor, an elementary-school teacher, and Great Uncle Ambrose. Following (literally) in their footsteps, the narrator retraces routes of exile which lead from Lithuania to London, from Munich to Manchester, from the South German provinces to Switzerland, France, New York, Constantinople, and Jerusalem. Along with memories, documents, and diaries of the Holocaust, he collects photographs—the enigmatic snapshots which stud The Emigrants and bring to mind family photo albums. Sebald combines precise documentary with fictional motifs, and as he puts the question to realism, the four stories merge into one unfathomable requiem.

A collection of autobiographical stories about raising a household of children and wild pets including crows, skunks, and raccoons.

Nick Corey is a terrible sheriff on purpose. He doesn't solve problems, enforce rules or arrest criminals. He knows that nobody in tiny Potts County actually wants to follow the law and he is perfectly content lazing about, eating five meals a day, and sleeping with all the eligible women. Still, Nick has some very complex problems to deal with. Two local pimps have been sassing him, ruining his already tattered reputation. His girlfriend Rose is being terrorized by her husband. And then, there's his wife and her brother Lenny who won't stop troubling Nick's already stressed mind. Are they a little too close for a brother and a sister? With an election coming up, Nick needs to fix his problems and fast. Because the one thing Nick does know is that he will do anything to stay sheriff. Because, as it turns out, Sheriff Nick Corey is not nearly as dumb as he seems. In Pop. 1280, widely regarded as a classic of mid-20th century crime, Thompson offers up one of his best, in a tale of lust, murder, and betrayal in the Deep South that was the basis for the critically acclaimed French film Coup de Torchon.
